.I am a **motivated** person who is constantly seeking opportunities to improve my knowledge and skills. New challenges energize me, and I am always **eager to learn**.

I can function well both **independently** and in a **team**.
In addition, I am also a **perfectionist** and strive to do everything in the right way. The idea of having done something in the best possible way gives me a lot of satisfaction.

My main hobby is fitness, which I have been actively engaged in since 2018. This indicates that I have some **perseverance**.
